State Engineer/Division Director

June 2, 2006

TO THE HUNTINGTON CREEK WATER USERS:

Kay Jensen has resigned his position as water commissioner for the Huntington Creek Distribution System. The Huntington – Cleveland Irrigation Company is currently working to identify its recommendation to replace Kay as commissioner. Instead of holding a meeting right away, the Price Regional Office will contact the other water users on the system by telephone to determine if they concur with the company's recommendation.

However meeting does need to be held in the near future to revise the operating budget for the distribution system for this year. The various changes that have occurred on the distribution system this year since the annual distribution meeting have left the budget in a state of confusion.

A meeting of the water users will be held on Tuesday June 13th at 1:00pm in the Commissioner Chambers of the Emery County Administration Building, 75 East Main Street in Castledale.

The purpose of the meeting will be to revise the budget. However, if a consensus has not been reached regarding the recommendation for the commissioner position, that issue will also be addressed in the meeting.

If you have any questions prior to the meeting, please contact me by phone at (801)538-7380 or by e-mail at LeeSim@utah.gov or Marc Stilson, Regional Engineer, by phone at (435)637-1303 or by e-mail at MarcStilson@utah.gov.

Respectfully,

Lee H. Sim, P.E.

Assistant State Engineer
